

WOODWORK INSTITUTE

Presents:

Submittal Requirements for the Fabricator and Site Conditions for Delivery used within Architectural Woodwork Standards

This Seminar will include:

- ✓ What 3 or more submittal documents are required by fabricators.
- ✓ Explanation of the purpose and relationship of the submittals to the contract documents.
- ✓ Explanation of how wall blocking is to be identified on submittals.
- ✓ How to list three conditions for the delivery of architectural millwork.

This seminar is registered with the AIA Continuing Education System
