Architectural Woodwork Standards Request Form

The *Architectural Woodwork Standards*, 1st Edition, has been adopted and published jointly as the successor, replacement, and latest edition to AWI/AWMAC's *Quality Standards Illustrated (QSI)*, and WI's *Manual of Millwork (MM)*, effective October 1, 2009.

The effectiveness of the AWS is also based on bid date. If specifications call for MM (either latest edition or without edition/date reference), then the October 1st effective date of the AWS governs. If specifications call for the MM with an edition/date reference, then the MM will govern.

The AWS is available free of charge to all architects, designers, Inspector of Record (IOR's), and educators serving our industry within the U.S. and Canada (not employed by GC or construction management firms).

To order AWS, complete the required information below and return this form along with your payment (as applicable), to the WOODWORK INSTITUTE ADMINISTRATIVE OFFICE: PO Box 980247 West Sacramento, CA 95798

Prices **EXCLUDE** sales tax and shipping/handling charges of \$6.00 per AWS. **ADD** an additional \$10.00 for C.O.D. orders. Contact the WOODWORK INSTITUTE ADMINISTRATIVE OFFICE for reduced handling charges on multiple book orders.

I attest that I am a(n) Architect Specifier Educator Designer or IOR doing business within the U.S. or Canada.
